"Murphy" At the age of 15-1/2 years, your time with us had come to an end, oh, but what a time it was. Confirmation, obedience, flyball and agility, you did it all.

The first of your breed to venture into the flyball and agility worlds, plus the first Toy Manchester Terrier to obtain an Obedience Trial Championship (CKC). Still enjoying agility, your sport of choice, at 15 years, 3 months.

But first and foremost, always, a loyal, trusting, companion and pet. What more could an owner ever wish or ask for than what you gave full heartedly everyday.

You were truly "One in a Million", thank you for all that you gave.
